About 100 Persons Attend Discussion Meeting; Public May Send in Names to 12-Man Nominating Committee for Member Consideration

Woodstock, April 26—The election of 12 directors designed to bring about the reorganization of the Woodstock Discussion Group in order to rid itself of the present "tinge of pro-Communist feelings," took place Sunday night at the Art Gallery during an open meeting attended by about 100 persons.

The election followed considerable discussion concerning the possible reorganization and the 12 elected will act as a nominating committee for an enlarged governing body which will formulate programs and policies of the Group in the future.

Those elected as directors to serve on the committee include Sidney Berkowitz, Fletcher Martin, Walter S. Van Wageningen, Margaret Fitzpatrick, Frank Meyers, John Pike, Edward L. Chase, Harold Riley, Benjamin Buley, William Pachner, Mort Berkowitz and Dr. Hans Cohn.

It was announced today that suggestions concerning the reorganization plans will be welcomed from all residents of Woodstock. Suggestions may be sent in writing to Mr. Van Wageningen on any or all of the following five pertinent points: the title of the new group, day of week for the meeting, place of the meeting, subject matter to be discussed and procedure to be followed.

Last night's session was called for the purpose of planning programs for the next six months and the public was invited. Before the meeting opened, Margaret Fitzpatrick reviewed the history of the Group and stated that it had started five years ago as a Literary Club which met in private homes.

Van Wageningen Moderator  
Walter S. Van Wageningen, Woodstock school superintendent, was appointed moderator at the meeting although he said he took the job against his own wishes. He declared that he would accept the job since there is a serious rift in existence between the Discussion Group and the rest of Woodstock's population and that he would work to correct this situation.

Action on the reorganization plans quickly followed Van Wageningen's answer to a question why the group should be reorganized. He said bluntly, "many Woodstockers consider the present Discussion Group members as Reds and the reason for reorganization would be to correct that impression." "The Group would have to lean over backwards to prove it is not a Red outfit," he stated.

Frank Emerys told the listeners that no group was not Communist in his estimation. "The list of speakers who have appeared were definitely of the Communist line when it came to important subjects," he added, "no speaker had taken anything but this line and that in my estimation, this was the line of a Communist propaganda group."

Mort Berkowitz, another speaker, urged reorganization of the present group and advocated that the meeting be run on the pattern of the Town Meetings of the Air.

Dr. Cohn told the group that any plan adopted must be one which would attract more townspeople who are now convinced that the Discussion Group is definitely "tinged with Red." Sidney Berkowitz suggested that meetings be run along parliamentary lines and that an attempt be made to formulate open forums.

Following last night's important parley, it was the consensus of opinion that the meeting had gone a long way towards clearing the air and that if the plans made were carried out, Woodstock would have an open forum under the framework of the Discussion Group.

The next meeting is scheduled for Sunday, May 16.

## M.P.'s Jail 800 After Kobe Riots

Koreans Get Rebellious Over Education Issue; Japanese Communists Are Accused

Dragnet Is Laid U. S. Officials Order All Lawless Persons Arrested

Kobe, Japan, April 26 (AP)—U. S. Military Police today jailed 800 persons as an aftermath to week-end rioting by nearly 8,000 Koreans.

American Negro soldiers had stepped in swiftly to quell outbreaks here and in Osaka over a touchy education issue. It was the first time troops have been called out in the 2½-year-old occupation.

U. S. 8th Army Headquarters in Tokyo said seven known Japanese Communists were among the 800 arrested.

U. S. intelligence officers said the disturbances were Communist-inspired. A jailed Korean leader told the Associated Press Japanese Communists took part in the riots.

No American casualties were reported. At least 38 Koreans and Japanese were injured in the riots. Headquarters termed resistance negligible "due to complete cooperation between Japanese officials and police and American military police."

U. S. commanders were instructed to continue a dragnet over the city for the purpose of planning programs for the next six months and the public was invited.

Stern punishment for the leaders was ordered by Lt. Gen. Robert L. Eichelberger, commander of the Eighth Army. He hurried from his Yokohama headquarters to investigate personally.

The Koreans demonstrated against Japanese insistence that Japanese must be taught as a standard language for Korean students in Japanese-supported schools.

About 600 other manufacturers, not affiliated with the association, were not struck.

Representatives of the union and association scheduled a new meeting tonight.

## Major Battle Shapes Up in Jerusalem; Abdullah Plans Move With Legion Immediately Against Jewish Forces

Stassen Will Bid For Jersey Votes; Taft Due in May

Minnesota's Aides Say He Is Certain of Strong Support of Delegates

Washington, April 26 (AP)—Harold E. Stassen takes time out this week from his Ohio battle with Senator Robert A. Taft to bid openly for the backing of New Jersey's 35 delegates to the G.O.P. national convention.

Senator H. Alexander Smith said Stassen's visit is part of a plan to bring all of the Republican presidential possibilities in for talks with his state's unpledged delegates.

Taft is expected to visit New Jersey in May. Smith said Senator Arthur Vandenberg (Mich.), who is being mentioned widely as a possible compromise candidate, has turned down a similar bid. He added that no arrangements have been made yet for a visit by Gov. Thomas E. Dewey of New York.

Stassen will speak Wednesday on the Princeton University campus. He will broadcast on national hookup from Smith's Princeton home that night.

Aides here contend the former Minnesota governor already is sure of strong support among the 35 New Jersey delegates. The understanding is that the group will vote for Gov. Alfred E. Driscoll as a favorite son in the early balloting.

There have been reports that several of the delegates would like to swing to Vandenberg, if he gives any sign that he might accept the nomination. The Michigan senator has said repeatedly he doesn't want it.

The across-the-counter bidding for New Jersey's support seemed likely to have no counterpart in either Pennsylvania or Massachusetts, where G.O.P. convention delegations will be chosen in primaries tomorrow.

Pennsylvania's 73 votes — the fastest plum outside of New York — will be unpledged, but behind Senator Edward Martin as a favorite son on the early ballots.

**Lot To Say**  
Martin and Gov. James Duff, who will head the group, are expected to have a lot to say about where the bloc finally swings its support. A write-in campaign for some candidate in tomorrow's primary might tip the scales somewhat if it develops wide proportions.

Massachusetts Republicans will give 35-member delegation to support Senator Leverett Saltonstall on the first vote. House Speaker Joseph W. Martin is reported in line for backing if he develops as a darkhorse candidate, with Senator Henry Cabot Lodge, Jr., in the background as another possibility.

There has been some speculation that Rhode Island Republicans, picking eight delegates at a convention today, might back Speaker Martin as an adopted favorite son.

Supporters of Dewey, who was figured to have long New England backing before his losses in the Wisconsin and Nebraska primaries, were reported working behind the scenes to line up second-string support.

Dewey's backers bid at a state convention in May.

## Woman Is Burned Attempting to Shut Off Water Heater

Mrs. Rose Green of Wilbur Avenue Suffers Burns at Home on Saturday

Mrs. Rose Green of 9 North Wilbur avenue suffered first degree burns to her face and hands when attempting to shut off an oil burning hot water heater which ignited in her home about 3:40 p. m. Saturday, the fire department reported.

The fire caused enough smoke to fill the house, and a call was placed for the fire department at 3:42 p. m. Deputy Fire Chief George Matthews in his report listed the cause of the fire as a maladjustment of the burner, and said there was no fire damage except to the heater itself. Chemicals were used to extinguish the flames.

Mrs. Green was treated at home for her burns, which were not serious, firemen said. She is the owner of the house, which is owned by the Sutton estate.

The only other fire reported to the fire department over the week-end was a grass fire which broke out at 9 p. m. Sunday on Madison avenue near Albany avenue. The A. J. Wicks Engine Company responded and extinguished the fire with brooms and hand operated water pumps.

Broadway Resident, 27 Held on Charge of Grand Larceny, First Degree

Police have placed a 24-hour guard over Edward Anthony Bernard, 27, of 317 Broadway, a patient at Kingston Hospital, who was arrested there early Sunday morning on a charge of grand larceny in the first degree.

According to a police report, Bernard was injured in an automobile accident on Albany avenue at 1:17 a. m. Sunday. Patrolman Louis Sapp, Jr., who investigated said Bernard was an occupant of a 1947 Chevrolet convertible coupe which was reported stolen from Joseph Dams of 35 Gill street at 12:45 a. m. the same day.

Just after the accident occurred, a woman was seen leaving the same car and fleeing out Albany avenue toward Broadway, police said. The identity of this woman remains unknown, but she was described as being about five feet, six inches tall, of slim build and with stringy hair. By several witnesses who reported the fact to Patrolman Leonard Ellsworth, who also investigated the accident.

**Given First Aid**  
Bernard was given first aid treatment at the scene by Miss Adele Didrickson and Miss Elinor Schultes, two Ulster county health nurses who were in Miss Didrickson's apartment at 231 Albany avenue when they heard the incident. Miss Schultes had first aid equipment in her car, which was parked on Albany avenue and which had been struck, police said, by the stolen car.

The nurses were joined a few minutes later by Dr. Alfred Harder, who also has an apartment in the Albany Avenue Apartments, 231 Albany avenue.

There were also two or three other witnesses on the scene, one of whom called Connor's ambulance. Seven calls were also placed to the police department within two minutes by residents of the area.

## Leumi Resumes Attack on Jaffa Despite Orders to Stop Issued by Haganah

Mortars Are Used

## Heavy Fire Is Poured Into Acre During Night

Jerusalem, April 26 (AP)—A major battle for Jerusalem appeared to be shaping up today amid reports that King Abdullah of Trans-Jordan was preparing to move into Palestine at the head of his Arab Legion.

Well-informed sources in Cairo said Abdullah plans to lead the British-trained legion against the Jews immediately. About two-thirds of the legion, or 10,000 men, already are on security duty for the British in the Holy Land. Both Jews and Arabs mobilized on the southern edges of Jerusalem today.

To the west, the Jewish Irgun Zvai Leumi forces resumed their attack on Jaffa despite orders to stop, broadcast by Haganah, the Jewish defense army. The attack, directed into the Mashken quarter, met resistance in the Arab city. Heavy bombing explosions preceded the attack, made under a cover of strong automatic weapons fire.

Jewish forces threw heavy mortar fire into Acre during the night but were repelled by British artillery. Most of the 200 captives of Acre, prison escaped during the attack.

**Flow of Oil Closes**  
The flow of oil from Iraq into Haifa, leading eastern Mediterranean oil port which the Jews won last week, has ceased.

At Jerusalem, a British army regiment at noon was packing its gear to evacuate Alamein Camp which lies astride the Bethlehem road leading south from Jerusalem. The British regiment already has moved out in the general evacuation scheme and officers said the rest would be gone by sundown. The British are to abandon their League of Nations mandate for Palestine May 15 and evacuate their troops by August 1.

Most of about 200 prisoners in the Acre prison escaped in the course of the attack. Acre's population is swollen by Arab refugees from Haifa, captured by Haganah last week.

Early reports from the British said Acre, an Arab city, had been shelled by Arabs, but the situation was clarified by an Associated Press dispatch direct from Haifa.

Most of the Jewish mortar fire came from Napoleon Hill, outside Acre. The British estimated about 50 rounds of either three-inch British type or Jewish 4.2-inch mortars fell into town.

"At first light we brought up 25-pounders," a British army informant said. "After a few rounds the Jews left. Our troops saw 11 vehicles, presumably armored buses, fleeing southward."

Truth was reported at one point to have handed the Arabs a surrender ultimatum, but there was no word of an Arab reply. Little steamboats and sailboats by the scores were seen sailing from Jaffa southward toward Arab country around Gaza.

Air passenger and mail service for Palestine's Jews was cut when the Arabs took over Lydda airport 10 miles southeast of Jaffa following British withdrawal at dawn yesterday.

Midway between Tel Aviv and Haifa, the British reported that a crowd of 300 residents voiced indignation at the solicitors, who police said were seeking subscriptions for "The Worker," weekend edition of "The Daily Worker."

Seven persons, including two women, were booked on charges of disorderly conduct for allegedly soliciting subscriptions without the project without a permit.

## Brilliant Object Seen By Local Residents

A resident of this city reported at the fire department headquarters this morning that he and his wife had seen a brilliant object which appeared to be in the sky or on a mountain in the vicinity of West Hurley Sunday night.

He said he and his wife left Poughkeepsie about 10 p. m. and noticed the object while on the way to Kingston. On arrival here he said, they stood in their yard for a time watching it. He described it as larger than any star, brightly illuminated and in the shape of a cross.

## Harry C. Sterley Dies; Was Last of Old Railroaders

Harry C. Sterley, the last of the old time railroad men who came to Kingston at the time of the construction of the West Shore Railroad, died Sunday at his home 189 Manor avenue after a short illness. Mr. Sterley was employed as an engineer during the construction period when the West Shore Railroad was being built between Kingston and Ravena. He had been retired since July 31, 1925.

Born July 12, 1854 at Limerick, Montgomery county, Penn., a son of the late Philip B. Sterley and Katherine Cussell Sterley, he began his railroading career on the old Altoona Division of the Pennsylvania Railroad. After working a short time he became an engineer running on the Pennsylvania system and when the West Shore Railroad was being built he left Pennsylvania coming to Kingston on July 23, 1883 where he secured a position as engineer on the West Shore Railroad. He ran a gravel train over the line during the time construction was in progress between Kingston and Ravena. Later he moved to Ravena where he continued to live until April 1, 1918 at which time he again took up his residence in Kingston. During the time he lived in Ravena he married Miss Anna M. Hughes of Ravena who preceded Mr. Sterley in death on March 5, 1925.

Mr. Sterley was well known throughout railroad circles having been actively engaged in railroading for 49 years, 46 years of which he spent as an locomotive engineer on the Pennsylvania system and the New York Central. At the time of his retirement in 1925 Mr. Sterley was engaged on the milk train run, a run which he had operated between this city and Weehawken for some ten years.

## Financial and Commercial

New York, April 26 (AP)—The stock market beat a sharp retreat today from last week's high levels. Share price averages suffered their widest dip since mid-March. But at the same time the headlong pace of recent sessions was succeeded by more leisurely trading.

While some losses were trimmed at times, declines ranging from fractions to an extreme of 3 points were numerous.

Hard hit were a few of the rails and oils.

Commission houses noted that the market lacked the stimulus of new bullish developments over the week-end and that many stocks appeared vulnerable to further profit-taking sales.

Principal losers included Corn Products, Union Pacific, Chesapeake & Ohio, Southern Pacific, Texas Co., Standard Oil (N.J.), Pacific Western Oil, Mission Corp., J. I. Case, Bethlehem, General Motors, Douglas Aircraft, International Paper, Union Carbide, Air Reduction and Anaconda Copper. Plymouth Oil slipped to a new 1948 high. Others ahead included Transcontinental & Western Air, United Aircraft and Atlantic Coast Line.

Bonds and commodities eased.

## Basic Pay Increases Announced for 2,400

Albany, N. Y., April 26 (AP)—Basic pay increases ranging from \$120 to \$740 a year for 2,400 state employees were announced today by the State Salary Standardization Board.

The boosts, retroactive to April 1, 1947, cover 17 different job titles including assistant interviewer, employment interviewer, compensation claims investigator and industrial investigator.

The raises were approved by the board as part of a program instituted last year to eliminate salary inequities among employees doing comparable work in different departments.

Dr. Newton J. Bigelow, board chairman, said the latest increases brought the number of employees affected since the adjustments began to nearly 15,000.

## Liberty Ship Goes Aground on Coney

New York, April 26 (AP)—The 7,100-ton Liberty ship Charles Tufts, lost in a fog, crashed through a breakwater in Coney Island yesterday and was grounded with its nose on the beach for 12 hours.

The impact broke dishes and shook mirrors and pictures in nearby houses.

There was great excitement in the Sea Gate section of Coney Island when the freighter, inbound from France without cargo, ploughed through the big rocks of the breakwater. No injuries were reported.

HERO WORSHIP When Jack and Jill are very small Just learning how to run and play A scholar seems both wise and tall The kindergarten claims the day. The upper grades are out of reach But admiration craves the heart For only years can fill the breach And grades can be so far apart. Comes graduation day, and then The scholars wait for high school days In freshman year they start again Admiring grown-up senior ways. When college doors are opened wide The realization dawns a bit. ## Brownell Says Stassen Telegrams Are Received

New York, April 26 (AP)—Herbert Brownell, Jr., former Republican National Chairman, says Gov. Thomas E. Dewey's presidential campaign managers received telegrams from Harold E. Stassen asking that they meet him, and that they rejected the proposal.

Brownell said yesterday the Stassen telegrams were received by himself, Edwin F. Jacek, of Buffalo, N. Y., and J. Russell Sprague, member of the Republican National Committee.

Brownell said he did not know why the messages were sent, but declared "we are not interested in any deals. We are conducting an aggressive campaign for Gov. Dewey's nomination and election."

Stassen, campaigning in the west for the G.O.P. presidential nomination, was not available immediately for comment.

Stassen has sent similar messages asking meetings with various Republican members of Congress, and has held conferences with some. Recently, Stassen said he was discussing legislative and party matters not tied directly to the presidential campaign.

Brownell said the Stassen telegrams, sent April 14, read: "I would like to have a talk with you some time in the next few weeks at a mutually convenient time and place. Best regards, Harold Stassen."

"I wrote him," Brownell said, "that I thought it would be misinterpreted, from his standpoint as well as our own, if we should meet now."

## \$47,563 Is Spent

Madison, Wis., April 26 (AP)—Supporters of New York's Gov. Thomas E. Dewey spent \$47,563 in the unsuccessful campaign for Wisconsin's 27 Republican presidential delegates. A campaign statement filed by the Wisconsin Dewey for President Club showed receipts of \$47,650, from January to the April 6 primary, and expenditures of \$87 less. A \$19,500 contribution was listed from the Young Republican Club of New York. Dewey was shut out in the primary. Harold E. Stassen won 19 delegates and Gen. Douglas MacArthur eight.

## Quill Offers New Strike Threat Over Pay Rate Dispute

New York, April 26 (AP)—A new threat of a strike on New York city transportation lines came last night from Michael J. Quill, international president of the C.I.O. Transport Workers union.

Quill said members of his union are "getting very restless" in the union's pay dispute with operators of five private New York concerns.

The five companies operate 98 bus and trolley car lines that carry an estimated 3,350,000 passengers daily.

The union is demanding a general wage increase of 30 cents an hour, improved pension rights, a welfare fund and other concessions.

A statement by Quill said the members of his union "have given every consideration to Mayor William O'Dwyer's request that we withhold strike action. But now the ball is in the companies' hands. Unless they come through with something definite, we will have a mass meeting by the end of this week and then they can look out for trouble. I am certain the men will vote for strike action without delay."

The companies involved in the dispute are the Third Avenue Transit Corporation, the New York City Omnibus Corporation, the Fifth Avenue Coach Company, and the East Side and Comprehensive Omnibus Corporation.

They operate in Manhattan, the Bronx, Westchester and Queens. The prevailing rate for bus drivers on city-owned lines and on most of the private companies

is \$1.20 an hour.

Drivers for the New York City Omnibus Corporation receive \$1.26 an hour; drivers on double-deck buses under one-man operation for the Fifth Avenue Coach Company get \$1.36 an hour.

Members of Quill's union recently approved a strike, but the union deferred any walkout after Mayor O'Dwyer indicated he planned to endorse a higher

transit fare. The mayor subsequently recommended a 10-cent subway fare and a seven-cent surface line fare on city-operated lines.

Spokesmen for the private companies said they had not yet had an opportunity to confer with O'Dwyer and the Board of Estimate on arrangements for extending the fare increases to their lines.

## Y.M.C.A. Workers At First Report Meeting Tonight

**Chairman McEntee Asks  
That All Contributions  
Be Turned in at  
First Session**

The first report night for the Y.M.C.A. Drive will be held at 7 tonight in the "Y" Auditorium. All workers on the 11 teams are urged by Chairman Dwight McEntee to turn in as much as they have collected, up to that hour, to their coaches. The meeting will be a brief business session to allow the workers to still make some calls in their assigned territories during the balance of the evening.

Mr. McEntee and his co-chairmen urge everyone to take advantage of daylight saving and the good weather to clean-up the work early.

The campaign office was kept busy Saturday afternoon and evening contacting workers with material and getting some early returns from those who have already completed their calls. It looks as though 10 or more workers may be presented with the Red-Triangle Pin this evening for going over their individual workers' goal of \$50. Two other prizes will be presented this evening. William O'Reilly's Stationery store will give \$5 in trade to the worker bringing in the most contributions. Flanagan's, clothing will give \$5 in trade to the worker bringing in the most money.

At the end of the drive, Julius will serve a dinner to the winning team.

## Milan Demonstration Broken Up by Police

Milan, Italy, April 26 (AP)—A Communist-led demonstration of 25,000 partisan veterans in Cathedral Square was broken up yesterday by police swinging clubs and rifles and firing machineguns into the air. One national policeman was shot to death.

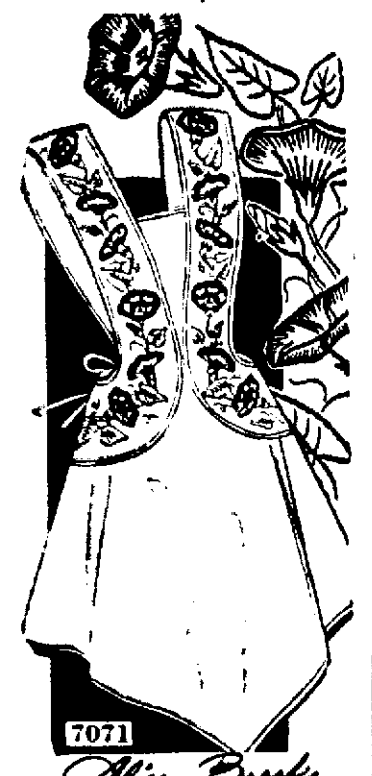

The riot was the biggest in Italy since the Communist-dominated popular front lost the parliamentary election of April 18 and 19 to the Christian Democrats. The demonstration violated an interior ministry ban on post-election outdoor political meetings effective until May Day.

Successive charges of police, some in jeeps and armored cars, were fired for an hour, until a heavy understanding fell. The rioter that killed the policeman was reported not to have come from a police gun. One passerby was known to have been hurt. Machinegun fire hit a streetcar, but no passengers were wounded.

The partisans—fighters in the wartime underground—were celebrating the anniversary of Italy's liberation from the Nazi three years ago.

Elsewhere in Italy, two left-wing offices were plundered near Naples—a Communist headquarters in Crispiano and a pro-Communist Socialist headquarters in Venetia. In Adria, southwest of Venice, a hand grenade exploded harmlessly beside a national police post.

### GOING OUT MEANS WHAT?

A young widow brings up an interesting point in asking: "How much time should elapse before a young widow may consider going out socially with a man?"

Six months is about the shortest time—and even then only with an old friend. Going out with strangers before the end of a year would make it seem evident that her husband was not kept long in her memory. Going to the houses of intimate friends for lunch, dinner or to play bridge would not be criticized, however.

### Risk of Omitting Wedding Guests

Dear Mrs. Post: My husband is well known in professional circles and so am I. Our daughter's wedding is taking place in our garden. Therefore, people would not feel free to come without an invitation, as they might were in church. We are afraid we will leave someone out unless a general invitation can be devised.

Answer: In addition to telling everyone you see and asking these to tell others, you might insert a notice in the daily paper saying that all of your friends will be welcome. Church members could have this invitation given to them by the clergyman at the end of the services on the Sunday preceding the wedding. Members of organizations to which your husband belongs can be invited as groups.

### Husband Is Right

Dear Mrs. Post: We are all fairly young and live in a large city which may have some bearing on your answer to our question. May I send an invitation to a large cocktail party to someone I've never met? The man in question is a business friend of my

husband's who would like me to invite him. My husband says that the only reason we have not happened to meet is because no general party like this has brought us together.

Answer: It would be entirely proper to send an invitation on your "Mr. and Mrs." cards.

How are your manners in public? Mrs. Post's leaflet, E-15 gives suggestions for behavior, when meeting a friend and when introducing acquaintances. To obtain a copy, send 5 cents in coin and a stamped self-addressed envelope to her, care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. Y. Mrs. Post is sorry she cannot answer personal mail.

### Eisenhower Speaks At Wichita, Fears Some 'Stupid Act'

Wichita, Kan., April 26 (AP)—General Dwight D. Eisenhower says the danger today is "that some stupid act may start a war—a stupid act that puts some nation in a position from which it feels it cannot withdraw."

He declared the danger lies in one dictatorship promoting its own future "through chaos, hysteria, fear and starvation." Others in desperation then may resort to arms, he added.

Eisenhower spoke yesterday at the Kansas Junior Chamber of Commerce state convention. During a question and answer session, E. J. Smith of Wichita said from the audience: "No one has the confidence of this nation that you have" and "what they (the American people) want is that you represent us."

An ovation followed. Eisenhower, noticeably affected, said no man could hear such words without being deeply moved. He added that with each citizen "the welfare of this country must be first. Everyone must do his part. What-ever I do, you can be sure that will be uppermost in my mind."

Earlier Eisenhower had reiterated that his letter of last January 1, in which he informed New Hampshire Republicans he did not aspire to the presidency, was final.

says a historian. "The poor could  
not afford to patronize them."  
Must be presently caught in a  
cycle, wouldn't you say?

The only way to account for  
the untimely passage of some  
people is that they die of good be-  
havior.

"Ah," breathed the girl ecstatic-  
ally as the handsome sailor  
planted a kiss on her perfect lips.  
"This is heavenly. I'll hold my  
breath every time you kiss me.  
Do you think that is too forward  
of me?"

"Oh, no," said the frightened  
sailor. "That would be sheer  
suicide."

The public business is every-  
body's business, and everybody  
has a right to know how their  
business is run.

An ideal summer resort is  
where the fish bite and the mos-  
quitos don't.

The man got his ailing friend  
as fat as the doctor's door, but  
there the patient balked.

All the man: "I'm a little leery  
about going in there."

Friend: "Nonsense. This is one  
of the best doctors in the coun-  
try."

Ailing Man: "Maybe so, but I  
don't like the odds he offers.  
Look on his door, there—10 to 1."

A self-conscious person is apt  
to be suspicious that casual re-  
marks are personal criticism.

A spry old gentleman was  
smoking in the bus. The conduc-  
tor said to him: "Don't you see  
that sign that says 'No Smoking  
Allowed'?"

"Of course I do," replied the old  
man. "But how can you expect  
me to observe your rules? There  
is another one that says: 'Wear  
Seat Belts.'"

Doctor: "This is a very sad  
case, very sad indeed. I much  
regret to tell you that your wife's  
mind is gone, completely gone."  
Husband: "I'm not a bit sur-  
prised. She has been giving me  
a piece of it every day for the  
last fifteen years."

### U. S. Correspondents Talk Over New Ban

Frankfurt, Germany, April 26 (AP)—The U. S. Correspondents Association meets here today especially to talk over a new army ban on information "not of public interest or of a privileged nature."

The ban is ordered in an army circular dated April 9 under a circular previously in effect since December 5, 1946, the only information of which release was prohibited was that involving security or possibly injurious to good relations with allies.

Col. D. M. Fowler, chief of the Army's Public Information Division, denied the new order was an extension of censorship. He said the phrase, "not of public interest," was meant to guide Army Public Relations Officers in putting out news. He said he added "of a privileged nature" himself to protect the privacy of correspondents' communications carried on the Army teletype system.

### Murder They Call It, This Peacock Season

Culver City, Calif., April 26 (AP)—The police began getting telephone calls about a murder in the Ballona Creek district.

"A woman is being killed over here," one caller reported. "A girl fell into the creek and is calling for help," said another.

Squad cars raced to Ballona Creek. Officers searched for 30 minutes when suddenly they heard a shrill, ear-splitting scream. For an instant, they all wished they were home in bed, but the call of duty prevailed and eventually they found—a three-year-old peacock.

It seems the peacock mating season has officially opened. This one was really yelping for its mate. Very nice feathers, though.

### Communists Run Fourth in Voting In 2 U. S. Zones

Frankfurt, Germany, April 26 (AP)—Communists ran fourth in community elections yesterday in two American zone states, Bavaria and Hesse.

The Communists have lost ground in this area while Right-wing parties gained.

The Communists lost support they enlisted a year ago. Their trouncing, apparently reflected German dissatisfaction with Russia's policies in the Soviet occupation zone.

Communists in industrial Hesse polled 162,736 of 2,064,428 votes cast. That is 7.9 per cent of the vote. A year ago they had 9.3 per cent.

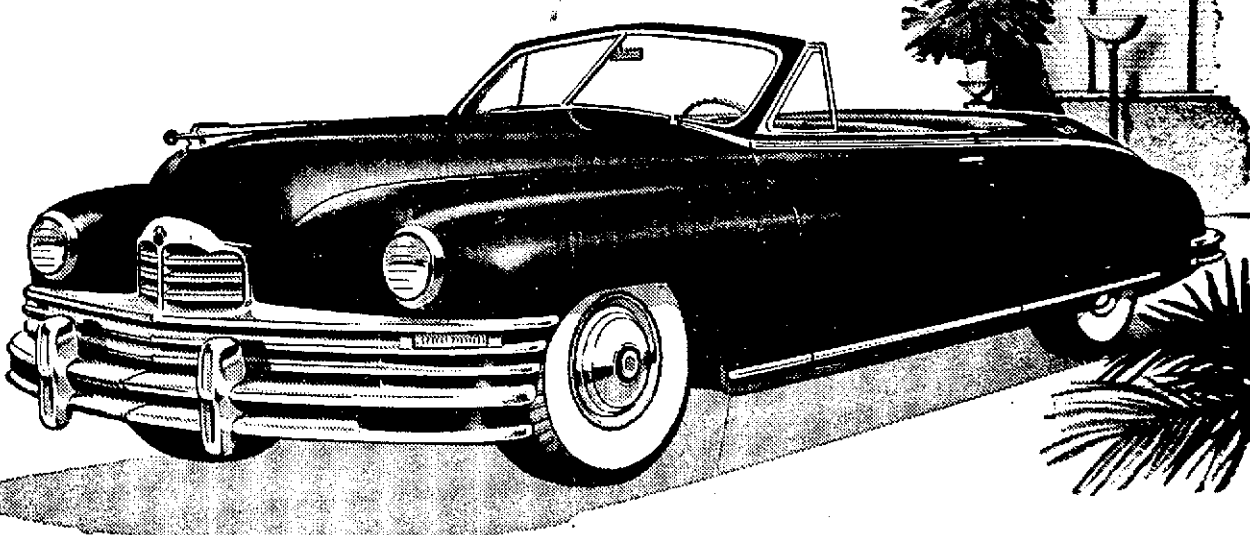

The Communists waged an intensive campaign, promising a unified Germany. The vote showed western Germans were not tempted by a Germany united under Communist rule. They appeared to feel the best way toward a unified country was through Right-wing parties.

Hesse's strongest party, the Left of Center Social Democrats, last year gained 43.2 per cent of the vote. They received 668,612 votes or 35.7 per cent this time, also losing some votes to Right-wing parties.

A similar defeat for Communism was indicated in Bavaria. First returns from that largely agricultural area gave the Communists only 2.7 per cent of the tabulated vote.

There the Right-wing strongly Federalistic Bavarian party appeared to be winning many votes. But the strongest party in the state was the Christian Democrats with 44.5 per cent of the votes counted. The Social Democrats were running second with 21.7 per cent.

Colonial Baseball Inc., a group of local baseball figures headed by Addison Jones and Joe Hoffman, will operate semi-pro baseball in Kingston this summer under terms of an agreement negotiated with representatives of the City of Kingston over the week-end.

## Horn Confident Indianapolis 500 Is His This Time

Arlington, Tex., April 26 (AP)—Handsome Ted Horn, kingpin of the dirt track racers, says "this is it" about the Indianapolis Speedway classic next month. The Paterson, N. J., blonde is undefeated for the season among the daredevils of the roaring road, his latest victory being in the Arlington Downs 100-mile race here yesterday.

"I think the 500-mile race at Indianapolis is going to be mine this time," he said after finishing the grueling grind three laps ahead and pocketing \$2,478. "I'm getting old, you know, and I need to win it pretty soon if ever." Horn, 38, has been American Automobile Association champion for two years and is well on his way toward another title. He picked up 200 points with his victory here yesterday. It was the first of the races over the country to determine the A.A.A. champ. The Indianapolis Speedway classic is next.

Horn has never finished lower than fourth at Indianapolis. **Ruined by Discovery**

## Cleveland Indians' Home Run Blasts Command Spotlight in Junior Loop

By JOE RICHIER, Associated Press Sports Writer  
Manager Lou Boudreau has come up with his own "Murderers Row" at Cleveland to toss a temporary scare into teams with designs on the American League pennant.

The Indians have won four straight games to become the only major league club so far without a blemish and they have done it by following a very simple formula.

"They have just knocked the stuffing out of the ball. In the four games, Boudreau's Athletics have pounded out 45 hits, including five doubles, two triples and eight home runs. Only the slugging New York Giants of the National League, with nine in seven games, have more round-trippers.

Kon Keltner, Ed Robinson and Jim Hegan have been the loudest noises in the Cleveland arsenal.

**Keltner Hits Two**  
Keltner smashed two home runs and Robinson added another in the Indians' 7-4 conquest of the Detroit Tigers yesterday. The Tribe collected 10 hits off Hal Newhouser, Virgil Trucks and Rufus Gentry.

Sunday was home run day in the majors with a total of 19 round-trippers around the two circuits. Joe DiMaggio connected for a homer with two mates on base to contribute to the New York Yankees' 5-4 win over the Boston Red Sox before 68,021 at Yankee Stadium. It was the sixth loss for the Red Sox in seven starts this season.

Washington remained in second place with a 5-2 win and lost record when it gained a split in the doubleheader with the Athletics in Philadelphia before 22,150 fans. After 20-year-old Carl Scheib shut out the Senators, 4-0, on six hits in the first game the Nats bounced back to defeat the A's, 7-3, in the second.

The Chicago White Sox won their first game of the season, trimming the Browns in St. Louis

Roaring back with blasts of 259 and 247 after a modest 180 opener, Johnny Ferraro shot 686 to move into first place in the singles division of the New York State bowling championships in Brooklyn Saturday night.

Ferraro also took over the all-events lead in the scratch department with 1893 on 614 team event, 593 doubles and 686 singles. Scores generally were low although several individuals and teams made the prize list.

Ferraro, with two splits and a miss had 27 at the end of the third frame of the singles, when he suddenly caught on fire and threw strikes all over the place.

The Ferraro-Schatzel doubles tandem took over first place in the scratch doubles with 1245, Johnny Schatzel furnishing a sparkling 651. The pair received 24-pin handicap for a 1269 gross, not enough to make the board. All standings are based on gross scores.

**Robinson Stars**  
Chris Robinson shot a spectacular 667 to pace the Flying Saucers to a 2992 gross score in the 5-man event. The local youngsters shot 1021 net in the middle set with Miltie Arlensky, Dick Howard and Robinson setting the pace.

A complete compilation of scores will be published tomorrow. The early pace setters: (Singles)

The week-end pin spilling brought some new names onto the high boards, however. Joe Norris of Chicago, a former Detroit pride, hit 701 for seventh in the singles. American Bowling and Billiard Corp. of New York rolled 2973 for sixth in the team event. Chicago's Meister Braus, former world match champions, could do only 2856.

Nelson Ardillo and Kenneth Wolf of North East, Pa., totaled 1292 for seventh in the doubles—each scoring 646. Tenth place went to Peter Juliano and Sam Cosmano of Warren, Pa., for their 1264.

Two former world champions, Hank Marino of Milwaukee and Joe Falcara of New York, the latter retired since 1933, each scored 628 in singles.

Graz Castellano of New York missed the high board by two pins with 691.

**Baltimore Keglers Win Duckpin Title**  
New Haven, Conn., April 26 (AP)—The 1948 National Duck Pin Bowling Congress tournament, hailed by its officials as the largest ever, went until the last of its 22 days before the all important team championship was decided.

The Davidson's Recreation team of Baltimore, Md., all five members bowling consistently, smashed its way to the title yesterday with a 1978 total. This was the highest team score since 1942 when another Baltimore entry, Savoia-Franklin, copped the crown with 2044.

The Davidson's Recreation team performance prevented the title from remaining in Bridgeport. The Holland Five of that city won it last year, and the Newfield Ferraro Dairy team also of Bridgeport, was leading with 1937 until the Davidson's Recreation men got down to business.

**Spot-Cheeks Are Ordered**  
New York, April 26 (AP)—License Commissioner Benjamin Fielding yesterday ordered city-wide spot-checks on garages after receiving complaints of widespread violations of the city's new garage and parking lot license law. The Automobile Club of New York charged that some garage operators have increased rates without notifying the license department. Fielding said he will meet this week with auto club officials, garage operators and police officials for "a complete revaluation of the general situation."

Bill Falk, all 375 pounds of him, is an amateur, but he gets away from 210-pound Ed Knepp's left jab like a professional. Falk of Lancaster, Pa., is believed to be the heaviest leather pusher in the world. Although he has lost several recent bouts, the big fellow steps around nimbly and is a pretty fair boxer.

## Early Touch Hockey Franchise To Brooklyn?

Toronto, April 26 (AP)—President Clarence Campbell of the National Hockey League said here today that he had "no comment" on a New York report that Brooklyn interests will seek a franchise in the N.H.L.

The Tournament of Champions, Inc., announced it would seek the Brooklyn franchise. The new promotional group is sponsoring the Rocky-Graziano-Tony Zale middleweight championship fight at Newark, N. J., June 9.

# Lou Little Sees Football at New Peak

Football is at its all-time peak in appeal and competitive quality, Kingston University's famed Lou Little said in an address before more than 400 persons at the annual Kingston High School Athletic Association Saturday night at the Myron J. Michael School.

The smartly-attired Columbia football coach observed that he was speaking here among champions but cautioned that "there are no shortcuts to touchdowns in football or life."

Little's appearance highlighted one of the most successful fund-raising drives in the K.H.S. Association's history and dovetailed with the conclusion of a season of spectacular success by K.H.S. athletic squads.

**Trophies Displayed**  
Displayed on the speakers' table were two championship trophies accumulated over the past year. There were three basketball trophies, a baseball award and the K.H.S. League's Sportsman trophy. The basketball trophies represented successive victories in 1946-47 and 1947-48 and the straight Section C basketball trophy was won in the 1947 season.

Thomas Dunn, high school basketball player, was the toastmaster. Among the notables introduced were Mayor Oscar V. Newkirk; Ed Kennedy, Columbia swimming coach who accompanied Little to Kingston; and Edward Kennedy, president of the Board of Education; William Leavitt, chairman of the Board of Athletic Committee; and Mayor Stephen V. Connelly, who invoked the blessing.

**Kins, Burke Praised**  
Charles G. Warren Kins and William Burke were highly praised by Lou Little. A tremendous ovation was accorded Coach Kins when the basketball accomplishments were reviewed.

Other members of the K.H.S. official athletic staff and Board of Education members introduced were Harry L. Edson of the Recreation Department; Russ Cunningham, John Mahalic and Al Green, assistant coaches; Miss Jean Duffin, in charge of girls physical education; Robert Herold, James Fowler, George Matthews and Joseph Morgan.

Arthur J. Laidlaw, superintendent of the Kingston schools, led in the community singing.

Interest has increased and improved coaching in high schools are factors which have made for better football, Little said.

"We should never lose sight of the fact that physical training plays a huge part in academic life in high school and college," he asserted. "If we continue our present competitive urge, we will bring greater success but if we fail our athletic program will disintegrate."

**Urges High Standards**  
The man whose courageous words stopped the great Army Lines' streak cautioned that colleges must not lower their standards in order to attract athletes and stated that if this should come to pass then it would be time for school boards to take action.

"It is well," Little said, "for us to win but we must place ourselves first and athletics second. He explained that boys engaged in athletics or any other endeavor should put 100 per cent effort into the program, because he said, 'You take out only what you put in. There are no shortcuts in life.'"

"We are all built on competitive principles and we cannot get away from it," Little remarked. "And no field is exempt, not even the clergy for we all try to do better."

"When we lose that," he admonished, "we lose the basic principle that we hold sacred in America."

## M.P.'s Jail 800

Continued from Page One

The Tokyo prefecture branch of the League of Koreans Residing in Japan, said.

The Japan Communist party seems very sympathetic to us in our fight to maintain Korean independence.

Some leaders among the 600-700 Koreans in Japan denied any connection with the party. Koreans, they said, have clashed with Japanese over black market activities.

At Osaka, meanwhile, a demonstration against the street police was held. The demonstration was held in front of the prefectural office.

At Kobe, delegates met to discuss the situation. It was decided to hold a demonstration in Kobe today.

At Osaka, police troops, each carrying four soldiers armed with rifles, patrolled the streets. Demonstrators, describing the situation as "unbearable," asserted that the Koreans had attempted to march into their own country. There will be no compromise with subjective.

## McKENNEY ON BRIDGE

## No Trump Response Using Pitch Count

By WILLIAM E. MCKENNEY  
America's Card Authority  
Written for NEA Service

In our lesson hand last week I explained the old Bryant McCampbell no trump pitch count: four for an ace, three for a king, two for a queen, one for a jack.

In last Thursday's article I said that the point count requirement for one no trump is 16 to 19; two no trump, 22 to 24; three no trump, 25 to 27. Today I want to explain the count requirement when you, as the responding hand, bid no trump.

If your partner opens the bidding with a suit bid of one and the next hand passes, you should have a count of from six to nine to bid one no trump. But if the opponents overcall, in order for you to make a free bid of one no trump you should have 10 to 12 and the opponent's suit stopped.

Generally if you have over 12 points you have a better bid.

In response to your partner's suit bid of one, in order to go to no trump you should have a count of 13 to 15. To jump to three no trump you should have a count of 16 to 18. For example, if your partner bids one club and the next hand bids a heart and you have a count of 13 to 15 you can bid two no trump. But you also should have the opponent's suit stopped.

As I said last week, a combined count of 25 in the two hands should produce three no trump, a combined count of 33 to 34 a small slam, a combined count of 37 to 38 a grand slam.

Following are a couple of examples demonstrating the combined count.

Spades—A K 7 5 2  
Hearts—A 6 4  
Diamonds—K 8 2  
Clubs—J 7

You open one spade, the next hand passes, and your partner bids one no trump. What should you do? You have a count of four for the ace of spades, three for the king of spades, four for the ace of hearts, three for the king of diamonds, and one for the jack of clubs, a total of 15. By bidding one no trump your partner has told you that he has a maximum count of 9. Therefore your combined count of 24 does not indicate a possible game and you pass.

Spades—A K 7 5 2  
Hearts—A 6 4  
Diamonds—K J 2  
Clubs—Q 7

With the above hand you open with one spade. Let us say that your partner responds with three no trump, showing a minimum of 16 points. You hold 17 points. Your combined count of 33 should produce a small slam, therefore you bid six no trump.

**Student's Condition Still Is Critical**

Syracuse, N. Y., April 26 (AP)—Condition of a 20-year-old Greenwich, Conn., girl remained critical today as the aftermath of an automobile smashup that claimed the life of one Syracuse University student and resulted in injuries to four others.

Fatally injured when the car in which the students were riding crashed against a tree was David Hall, 22, of Wallingford, Conn., identified by police as the driver. The accident occurred Saturday as the five were heading for Green Lake Park, east of Syracuse, for a picnic.

University Hospital reported that Miss Nancy Jean Anderson of Greenwich, Conn., who suffered a fractured skull and other injuries, still was in critical condition.

Also injured were Edgar Roll, 19, of Union, N. J.; Miss Patricia Brookman, 18, of Amsterdam, Conn.; and Robert Van Valkenburgh, 21, of Cohoes, Miss Brookman and Roll were reported in fair condition, and Van Valkenburgh, removed from University Hospital to the university infirmary, was reported in good condition.

There is no run in buy run.

## Mr. and Mrs. Windsor Celebrate Silver Wedding

They were married on April 26, 1923, and so are celebrating their silver wedding. He was Prince Albert, Duke of York. She was Lady Elizabeth Bowes-Lyon. But not until December 10, 1936, when his elder brother abdicated the throne of Great Britain, were they much in the news. They are, by nature, quiet people. When he became King George VI, they were forced into the limelight. The succeeding years have been troubled, capped by war, the subsequent hard times in England and the present international situation. Their reign has seen the coming of Socialist government to England and the loss to the empire of important possessions, notably Burma and India. These pictures, taken especially to commemorate the silver anniversary, show King George and Queen Elizabeth in informal domestic roles and as rulers of the British Empire.

the port of Haifa to the north, the British withdrew from a little military airfield at El Shomer and Haganah occupied the field. Haifa itself, with a mixed population of 130,000, fell under control of Haganah Thursday after a two-day attack in which Irgun helped. The Arab inhabitants began moving out.

Irgun, commanded by the Polish Jew Menachem Begin, said in a communique it began the Jaffa attack at 6:15 a. m. "to stop incessant attacks on Tel Aviv from there."

The underground army said it had given Haganah strong points advance notification. Haganah denied this, termed the attack unauthorized and minimized its effectiveness. It said it had tried to persuade Irgun not to strike.

In preparing the offensive, Irgun stole 100 trucks Saturday and pulled in its men from other parts of Palestine. (Arabs in Damascus said the force numbered 3,000.) Early yesterday Irgunists in civilian clothes with umbrellas blocked off streets to Jaffa and began traffic control through all southern Tel Aviv.

Unarmed fighters launched the attack. A heavy mortar barrage preceded the jumpoff.

**Instant Frosting**

When summer is in the air, it's wise to be prepared for unexpected guests. A helpful new aid for the hospitality shelf is a prepared instant frosting that needs only the addition of hot tap water and a few stirs to produce a delicious cake topping or fondant candy. One 4½ oz. package in strawberry, vanilla or chocolate flavors will cover top and sides of an 8 inch cake layer or 18 cup cakes. It's an easy way to transform plain Jane slices of store cake into festive treats.

## Cancer Campaign

Workers to Meet

**Tuesday Afternoon**

**Meeting Will Be Held in Supervisors' Room; Many Contributions to Local Drive**

The Art Class at Kingston High School, under direction of Mrs. Althea O'Dell, teacher, wished to make a contribution to the local cancer campaign and each student designed an advertising poster. The best 12 were selected by Mrs. O'Dell and turned over to Eugene B. Carey, campaign chairman. The following stores agreed to display the posters in their show windows: Dornit, Maroon, M. Reina, Bert Wilder, Stock & Cattle, Colonial City Chevrolet, Stuyvesant Garage, Sea Grill Restaurant, Harry R. LeFever, Rossi's Music Shop, Flanagan's and Herzog's.

Through the courtesy of Clarence L. Dumm, principal of the high school, the students in the high school will be given an opportunity to contribute to the fund on Tuesday morning.

Dick McCarthy, co-chairman under the sports division, through the courtesy of Dr. Saul Goldfarb, arranged to have a collection taken up at the B'nai B'rith boxing bouts held last Thursday night. The sum of \$157.75 was collected by a group of women bowlers under the direction of Mrs. Chet Dolson. The Junior League was successful in their tag day held last Friday and Saturday, but it is not known at this time how much was realized.

Campaign Chairman Carey expressed appreciation for the large display ad that appeared in last Friday night's issue sponsored by a number of local physicians. A meeting of all the workers will be held Tuesday afternoon, April 27 at three o'clock in the supervisors room at which time they will turn in what contributions they have received.

Mrs. Carey said that there had been distributed about 200 coin banks at various locations through the city. These will be picked up during the week and anyone who has not yet given is urged to do so, leaving their contribution in one of the coin banks if they cannot send it in otherwise. He also said that Mrs. Mabel L. Fisher, business agent of the Amalgamated Clothing Workers of America, had done a fine job for the cause among the factory workers. At one meeting of her group, she had arranged for a talk and moving pictures by Dr. J. S. Taylor.

He also expressed appreciation for what Robert Case, manager of the local Reade's theatres has done. Besides maintaining a contribution well in the lobby of each theatre, he had arranged for a similar set-up in each theatre in the county. He also purchased and ran at his own expense at each show each day a short movie on cancer.

**Cigarette Particles Cause of Accident**

Burning particles of a cigarette which had dropped to the trousers of John W. Vaughn, R.D., Saugerties, was the cause of an accident on Route 32 south of the Wallkill Valley railroad crossing Saturday night, according to a sheriff's report.

Vaughn was headed toward Rosendale, the report said, when sparks fell from the cigarette and in his attempt to brush them away the car left the road, overturned and was damaged considerably, but the driver reported no injuries.

Deputy Sheriff Delbert Sapp investigated.

**Rahm Says He**

Continued from Page One

F.B.I. records, came to Kingston some time ago and opened a typewriter and business machine store on central Broadway adjacent to the city hall. That business he operated under the name of Broadway Business Bureau.

About March 21 Rahm, who was known as Stellar in Kingston, left Kingston, presumably to go to visit friends in Massachusetts. However he took along his personal belongings from his rooming house. Shortly after that an action was begun in Supreme Court to recover a sum of money which had been loaned to Stellar by his landlord. At that time it was alleged Stellar could not be located in Massachusetts or in New Jersey where it was believed he might have gone. At about this same time it became known that the local police were looking for Stellar on a grand larceny, second degree charge, involving a check for \$210 which had been given to the Governor Clinton Market.

After leaving Kingston an investigation was made and the background of Stellar became known locally.

Federal authorities charge Rahm with being a parole violator with the New York State Department of Correction and he is also wanted in New York state by the Kingston police on the larceny charge.

Since leaving Kingston Rahm has been traced across the continent by air. He went to Kansas and on to California and back east to Newark by way of Washington and arrived in Plainfield, N. J., on April 23 where he was arrested. During his trip west he used several aliases including James Albright, George Stellar and George Burke.

The charge of parole violation involves a parole from Sing Sing prison just prior to the time he came to Kingston.

Should the California authorities decide to waive their claim on Rahm and turn him over to the New York authorities either as a parole violator or to be returned to Kingston to answer to the grand larceny charge, he would go before the court in New York state as a prior offender, the 1937 conviction in Syracuse and the later conviction which landed him in Sing Sing would hold against his record.

Should Rahm have his case disposed of in Federal Court before a federal judge in Newark, resulting in a federal penitentiary sentence the New York state warrant could be filed and served on his release from prison and he could then be returned to Kingston to face the charge here.

## Bidault Asks Parties To Support General

Paris, April 26 (AP)—Appeals for Frenchmen of all parties to get behind Gen. Charles de Gaulle in a non-Communist front were rejected yesterday by Georges Bidault, one of the popular Republican movement's top leaders.

"Parties are not all of a nation," Bidault said at a meeting of his party's chieftains, "but there is no democracy without parties. As we have seen in other countries, the disappearance of parties is the disappearance of liberty."

Gen. de Gaulle made an appeal on April 18 for Frenchmen to submerge party differences and join in a great patriotic reform led by his party, the rally of the French people. Rene Pleven, once a minister in a de Gaulle cabinet, renewed the appeal yesterday.
